

(e) *Release under bond*—(1) *When bond required.* A bond will be required of the importer or consignee on Customs Form 301, containing the bond conditions set forth in §113.62 of this chapter, in such amount as the port director deems appropriate, when a declaration is made that a product is to be brought into conformity. When the importer or consignee of a product declares that it will be brought into conformity before being sold or offered for sale, or before being used on waters subject to the jurisdiction of the United States and on the high seas beyond the territorial seas for a vessel owned in the United States and seeks entry of the product under paragraph (c)(3) of this section, the entry shall be accepted only if bond is given for the production of a statement by either the importer or the consignee that the product described in the declaration is in conformity with applicable safety standards or regulations. The statement shall identify the person or firm who has brought the product into conformity with the standards or regulations and shall describe the nature and extent of the work performed.

(2) *Time limitation to produce statement for which bond is obligated.* Within 180 days after entry, the importer or consignee shall deliver to both the port director and the Commandant, U.S. Coast Guard, a copy of the statement for production of which the bond was obligated. If the statement is not delivered to the director of the port of entry of the product within 180 days after the date of entry, the importer or consignee shall deliver or cause to be delivered to the port director the product that was released in accordance with this paragraph.

(3) *Damages to be assessed against bond.* In the event that any product is not redelivered within 5 days following the date required by paragraph (e)(2) of this section, liquidated damages shall be assessed in the full amount of the bond if it is a single entry bond, or if a continuous bond is used, the amount that would have been taken under a single entry bond.

(f) *Products refused entry.* If a product is denied entry under the provisions of this section, the port director shall refuse to release the product for entry

into the United States and shall issue a notice of the refusal to the importer or consignee.

(g) *Disposition of products refused entry into the United States; redelivered products.* Products which are denied entry under paragraph (b) of this section, or which are redelivered in accordance with paragraph (e)(2) of this section, and which are not exported under Customs supervision within 90 days from the date of notice of refusal of admission or date of redelivery, shall be disposed of under Customs laws and regulations. However, no such disposition shall result in an introduction into the United States of a product in violation of the Federal Boat Safety Act of 1971 (46 U.S.C. 1451-1489).

§ 12.91 Electronic products offered for importation under the Act.

(a) *Standards prescribed by the Department of Health and Human Services.* Electronic products offered for importation into the customs territory of the United States are subject to standards prescribed under section 358 of the Act (42 U.S.C. 263f) unless intended solely for export. Prescribed standards shall not apply to any electronic product intended solely for export if:

(1) Such product and the outside of any shipping container used in the export of such product are labeled or tagged to show that it is intended for export, and

(2) Such product meets all the applicable requirements of the country to which it is intended for export.
